

# North and Central Coast Area Council Charter

---

## Purpose

The North and Central Coast Area Council is a network of contractors and industry associates in Columbia, Clatsop, Lincoln, and Tillamook counties. The council was formed to better connect the region's contractors with the benefits of AGC membership and to create opportunities for interaction among the area's members.

## Committee Leadership

The chair and vice chair serve for two years at a time. They are replaced with suggestions from the outgoing chair and AGC staff, and terms are reviewed by staff and AGC members every two years.

| <b>Meeting Frequency</b><br>Three times a year  | <b>How to Get Involved</b><br>Open to all chapter members  |

## Objectives

---

- Sponsor activities and meetings to enhance member participation and promote the benefits of membership to prospective member companies.
- Conduct regular meetings focusing on topics of local interest:
  - Meetings focusing on workforce, safety and legislative efforts
  - Group activity or networking event
  - Provide a forum for local members to connect with AGC leadership and staff and other contractors in their region
